

HIROSHIMA UNIVERSITY

IDEC Seminar No.66
PHIS Seminar No. XX

Microbial Research Through the Ages: Revisiting Unsolved Problems

2024.11.1(Fri) 13:00 ~ 17:00

HYBRID URL <https://00m.in/wWzeg>

Yoshikazu Ishii Specially Appointed Professor, Hiroshima Univ.

The Evolution of β -lactamase Through Drug Discovery:
Unveiling History and Future Prospects in β -lactamase
Research

Kiwamu Minamisawa Specially Appointed Professor, Tohoku Univ.

Soil inoculation and structural genomics of
plant-associated microbes

Hirotada Mori Professor, Guangdong Acad. Agricult. Sci.

Reflecting on over 40 years of my research using
Escherichia coli
